**Postcards from Penguin** Penguin, 2010-09-15 A collection of 100 postcards, each featuring a different and iconic Penguin book jacket. From classics to crime, here are over seventy years of quintessentially British design in one box. In 1935 Allen Lane stood on a platform at Exeter railway station, looking for a good book for the journey to London. His disappointment at the poor range of paperbacks on offer led him to found Penguin Books. The quality paperback had arrived. Declaring that 'good design is no more expensive than bad', Lane was adamant that his Penguin paperbacks should cost no more than a packet of cigarettes, but that they should always look distinctive. Ever since then, from their original - now world-famous - look featuring three bold horizontal stripes, through many different stylish, inventive and iconic cover designs, Penguin's paperback jackets have been a constantly evolving part of Britain's culture. And whether they're for classics, crime, reference or prize-winning novels, they still follow Allen Lane's original design mantra. Sometimes, you definitely should judge a book by its cover.

Another World: The Transcendental Painting Group Michael Duncan, 2021-07-06 Abstract painting meets theosophical spirituality in 1930s New Mexico: the first book on a radical, astonishingly prescient episode in American modernism Founded in Santa Fe and Taos, New Mexico, in 1938, at a time when social realism reigned in American art, the Transcendental Painting Group (TPG) sought to promote abstract art that pursued enlightenment and spiritual illumination. The nine original members of the Transcendental Painting Group were Emil Bisttram, Robert Gribbroek, Lawren Harris, Raymond Jonson, William Lumpkins, Florence Miller Pierce, Agnes Pelton, Horace Towner Pierce and Stuart Walker. They were later joined by Ed Garman. Despite the quality of their works, these Southwest artists have been neglected in most surveys of American art, their paintings rarely exhibited outside of New Mexico. Faced with the double disadvantage of being an openly spiritual movement from the wrong side of the Mississippi, the TPG has remained a secret mostly known only to cognoscenti. Another World: The Transcendental Painting Group aims to address this slight, claiming the group's artists as crucial contributors to an alternative through-line in 20th-century abstraction, one with renewed relevance today. This

volume provides a broad perspective on the group's work, positioning it within the history of modern painting and 20th-century American art. Essays examine the TPG in light of their international artistic peers; their involvement with esoteric thought and Theosophy; the group's sources in the culture and landscape of the American Southwest; and the experience of its two female members.
