The Sea John Banville, 2007-12-18 BOOKER PRIZE WINNER • NATIONAL BESTSELLER • An “extraordinary meditation on mortality, grief, death, childhood and memory (USA Today) about a middle-aged Irishman who has gone back to the seaside to grieve the loss of his wife. In this luminous novel, John Banville introduces us to Max Morden, a middle-aged Irishman who has gone back to the seaside town where he spent his summer holidays as a child to cope with the recent loss of his wife. It is also a return to the place where he met the Graces, the well-heeled family with whom he experienced the strange suddenness of both love and death for the first time. What Max comes to understand about the past, and about its indelible effects on him, is at the center of this elegiac, gorgeously written novel—among the finest we have had from this masterful writer.

The Sea John Banville, 2005-05-17 Winner of the Booker Prize 2005 When Max Morden returns to the seaside village where he once spent a childhood holiday, he is both escaping from a recent loss and confronting a distant trauma. Mr and Mrs Grace and their twin children Myles and Chloe appeared that long-ago summer as if from another world. Max grew to know them intricately, even intimately, and what ensued would haunt him for the rest of his years, shaping everything that was to follow.

The Village by the Sea Anita Desai, 2015-07-02 A story of survival set in a small fishing village near Bombay. Lila and Hari, aged 13 and 12, struggle to keep the family, including two young sisters, going when their mother is ill and their father usually the worse for drink. When Hari goes to Bombay to find work, Lila seems to be responsible for everything. Although the book paints a picture of extreme poverty, it demonstrates the strength of the family even in the most extreme circumstances and offers a powerful picture of another culture.

The Sea Book Charlotte Milner, 2019-02-07 Featuring fascinating fishy facts accompanied by bright, bold, and beautiful illustrations, this book takes children on a journey through the sea and all its zones. Touching on mammals, fish, invertebrates, and reptiles, *The Sea Book* explores a wealth of incredible marine animals and their habitats, from up on the ice, down to colourful coral reefs, underwater forests, and right down to the deepest darkest depths where the weird and wonderful lurk. Following on from *The Bee Book*, Charlotte Milner continues to highlight to children important ecological issues faced by our planet, this time with a focus on marine life and the damaging effects humans are having on our seas.

Children will discover what they can do to help, and there are tips on how to live plastic-free. Children will even get to craft their own recycled shopping bag! This charming celebration of the sea shows children just how extraordinary our oceans are, and is a reminder that it is up to us to keep it that way.

Paddle-to-the-Sea, 1969 A toy Indian and his canoe travel from Lake Nipigon to the Atlantic Ocean.

The Sea, the Sea Iris Murdoch, 1980 Charles Arrowby, leading light of England's theatrical set, retires from glittering London to an isolated home by the sea. He plans to write a memoir about his great love affair with Clement Makin, his mentor, both professionally and personally, and amuse himself with Lizzie, an actress he has strung along for many years. None of his plans work out, and his memoir evolves into a riveting chronicle of the strange events and unexpected visitors—some real, some spectral—that disrupt his world and shake his oversized ego to its very core.

The Sea John Banville, 2012 First published in 2005, *The Sea* was critically acclaimed as an extraordinary achievement. It went on to win that year's Man Booker Prize, one of the most hotly contested in the history of the award. When Max Morden returns to the seaside village where he once spent a childhood holiday, he is both escaping from a recent loss and confronting a distant trauma. Mr and Mrs Grace and their twin children Myles and Chloe appeared that long-ago summer as if from another world. He grew to know them intricately, even intimately, and what ensued would haunt him for the rest of his years and shape everything that was to follow. In 2012 Picador celebrated its 40th anniversary. The Sea Cloak Nayrouz Qarmout, 2019-08-22 *The Sea Cloak* is a collection of 11 stories by the author, journalist, and women's rights campaigner, Nayrouz Qarmout. Drawing from her own experiences growing up in a Syrian refugee camp, as well as her current life in Gaza, these stories stitch together a patchwork of different perspectives into what it means to be a woman in Palestine today. Whether following the daily struggles of orphaned children fighting to survive in the rubble of recent bombardments, or mapping the complex, cultural tensions between different generations of refugees in wider Gazan society, these stories offer rare insights into one of the most talked about, but least understood cities in the Middle East. Taken together, the collection affords us a local perspective on a global story, and it does so thanks to a cast of

(predominantly female) characters whose vantage point is rooted, firmly, in that most cherished of things, the home.

You, Me & the Sea Elizabeth Haynes,2021-02-01 'Immersive and affecting...utter bliss.' — Marian Keyes Compelling, moving and teeming with feral desire: Elizabeth Haynes's new novel is an intoxicating story of love and redemption, set on a wild and windswept Scottish island. Rachel is at crisis point. A series of disastrous decisions has left her with no job, no home, and no faith in herself. But an unexpected job offer takes her to a remote Scottish island, and it feels like a chance to recover and mend her battered self-esteem. The island's other inhabitants are less than welcoming. Fraser Sutherland is a taciturn loner who is not happy about sharing his lighthouse - or his precious coffee beans - and Lefty, his unofficial assistant, is a scrawny, scared lad who isn't supposed to be there at all. Homesick and out of her depth, Rachel is sure she's made another huge mistake. But, as spring turns to summer, the wild beauty of the island begins to captivate her soul.

Twenty Thousand Leagues Under the Sea Jules Verne,1887

Swimming at Night Lucy Clarke,2013-03-12 People go traveling for two reasons: because they are searching for something, or they are running from something. Katie's world is shattered by the news that her headstrong and bohemian younger sister, Mia, has been found dead at the bottom of a cliff in Bali. The authorities say that Mia jumped—that her death was a suicide. Although they'd hardly spoken to each other since Mia suddenly left on an around-the-world trip six months earlier, Katie refuses to accept that her sister would have taken her own life. Distraught that they never made peace, Katie leaves her orderly, sheltered life in London behind and embarks on a journey to find out the truth. With only the entries in Mia's travel journal as her guide, Katie retraces the last few months of her sister's life and—page by page, country by country—begins to uncover the mystery surrounding her death. . . . Weaving together the exotic settings and suspenseful twists of Alex Garland's *The Beach* with a powerful tale of familial love in the spirit of Rosamund Lupton's *Sister*, *Swimming at Night* is a fast-paced, accomplished, and gripping debut novel of secrets, loss, and forgiveness.

Beside the Sea Veronique Olmi,2012-09-25 A haunting and thought-provoking story about how a mother's love for her children can be more dangerous than the dark world she is seeking to keep at bay. A single mother takes her two sons on a trip to the seaside. They stay in a hotel, drink hot chocolate, and go to the funfair. She wants to protect them from an uncaring and uncomprehending world. She knows that it will be the last trip for her boys. *Beside the Sea* is a haunting and thought-provoking story about how a mother's love for her children can be more dangerous than the dark world she is seeking to keep at bay. It's a hypnotizing look at an unhinged mind and the cold society that produced it. With language as captivating as the story that unfolds, Véronique Olmi creates an intimate portrait of madness and despair that won't soon be forgotten.

battleground, and her family is torn apart ...

The Custom Of The Sea Neil Hanson, 2011-02-28 On 5 July 1884, the yacht *Mignonette* set sail from Southampton bound for Sydney. Halfway through their projected one hundred and twenty day voyage, Captain Tom Dudley and his crew of three men were beset by a monstrous storm off the coast of Africa. After four days of battling towering waves and hurricane gales, their yacht was finally crushed by a ferocious forty foot wave. The survivors were cast adrift a thousand miles from the nearest landfall in an open thirteen foot dinghy without provisions, water or shelter from the scorching sun. When, after twenty four days, they were finally rescued by a passing yacht, the *Moctezuma*, only three men were left and they were in an appalling condition. The ordeal that they endured and the trial which followed their eventual return to England held the whole nation - from the lowliest ship's deckhand to Queen Victoria herself - spellbound during the following winter. This is the true story of the voyage and the subsequent court case which outlawed for ever a practice followed since men first put to the ocean in boats: the custom of the sea.

The Sea John Mack, 2013-09-15 "There is nothing more enticing, disenchanting, and enslaving than the life at sea," wrote Joseph Conrad. And there is certainly nothing more integral to the development of the modern world. In *The Sea: A Cultural History*, John Mack considers those great expanses that both unite and divide us, and the ways in which human beings interact because of the sea, from navigation to colonization to trade. Much of the world's population lives on or near the coast, and as Mack explains, in a variety of ways, people actually inhabit the sea. *The Sea* looks at the characteristics of different seas and oceans and investigates how the sea is conceptualized in various cultures. Mack explores the diversity of maritime technologies, especially the practice of navigation and the creation of a society of the sea, which in many cultures is all-male,

often cosmopolitan, and always hierarchical. He describes the cultures and the social and technical practices characteristic of seafarers, as well as their distinctive language and customs. As he shows, the separation of sea and land is evident in the use of different vocabularies on land and on sea for the same things, the change in a mariner's behavior when on land, and in the liminal status of points uniting the two realms, like beaches and ports. Mack also explains how ships are deployed in symbolic contexts on land in ecclesiastical and public architecture. Yet despite their differences, the two realms are always in dialogue in symbolic and economic terms. Casting a wide net, *The Sea* uses histories, maritime archaeology, biography, art history, and literature to provide an innovative and experiential account of the waters that define our worldly existence.
