The Good, the Bad and the Unknown Raj Tilak Roushan,2020-02-18 While the clock is ticking fast and the city is in a state

of shock, how long will it take for Rishi to trace a little girl? Will Rishi be able to give justice to a heartbroken Amol who has lost his married daughter under mysterious circumstances? Where and for what her whole family has vanished from their house one fine night while Radha was away? The truth can often be strange and shocking. Not everyone has the heart to handle it. A collection of short stories, *The Good, the Bad and the Unknown* takes the reader into the minds of criminals and police officers. Gripping and unputdownable in its storytelling, the collection depicts not only the seedy underbelly of our society but also tries to show what motives people around us and people like us have to take up a life of crime. All the characters in the stories-be it the grandmother who finds a dead body in her house or the farmer whose crops are burnt down or even a petty thief-have layers to their personalities, where truth and fiction can barely be discerned. Each story portrays various shades of human behaviour-guilt, rage, love, greed, vengeance and fear-and offers many versions of the truth; the protagonist(s) and even the readers have to rely on their wits to make sense of this twisted world around them. *The Good, the Bad and the Unknown* has a universal appeal to it as it reflects the unravelling of the deepest and darkest human emotions through the most unlikely of characters.

The Nationalist Minhaz Merchant,2017-10-10 This is the story of an extraordinary business leader, Anil Naik, and the company, Larsen & Toubro (L&T), he has served for 53 years and led for the last 18.Long coveted by the Ambanis and Birlas, L&T has an annual turnover of Rs 1,20,000 crore and a market capitalisation of more than Rs 1,60,000 crore. It is involved in several critical national projects: India's first nuclear-powered submarine; strategic weapon and missile systems; space exploration including maiden missions to the moon and Mars; global infrastructure; airports; metro rail systems; and nearly all of India's nuclear power plants. L&T's Hazira manufacturing complex, Vadodara's Knowledge City and the Kattupalli shipyard have become symbols of world-class Indian engineering and technology. Author Minhaz Merchant spoke to Naik over several months to construct a compelling narrative of a remarkable company and its chairman. What emerges is a portrait of a man whose work and life have been bedrocked on a deeply felt sense of nationalism, synonymous with helping to build a strong and self-reliant India. From a south Gujarat village to the chairmanship of L&T, Anil Naik's journey has been one of grit, determination, entrepreneurial leadership, 16-hour workdays and a unique management style. What emerges is a visionary leader who ringfenced L&T from corporate takeovers by creating an innovative employee welfare foundation and transformed L&T into a global technology and engineering powerhouse.Naik also emerges as a devoted family man and a generous philanthropist who has donated most of his personal income to charities through family trusts focused on

healthcare, education and community service. Naik's father, Manibhai, a teacher who spent his life serving the rural poor, was his role model who taught him to be fearless and honest with the motto: 'If you are in the right, you have nothing to fear.' This is the story of a man who surmounted great odds to reach the pinnacle of success, says Merchant. It demonstrates more than anything else that honesty -- the quality Naik prizes most -- pays the greatest dividend of all in the end: the respect of your peers, the loyalty of your colleagues, and the affection of your family.
